Thunder Tiger E-Flight Blade Multi Rotor Spares Batteries & Chargers thats needed is inputting of parameters listed in manual into your transmitter, ALIGN T6 or Futaba S-FHSS 2.4G Transmitter or JR DSM2/DSMJ/DMSS.

If it is a TX that will take modules (I have a T6 and it does not but the 9s do), then he 2.4 GHz activity, and no RF-reflective objects nearby to cause multi-path distortion. I've got that little 4-port Thunder Power pocket charger which works fine, but it can't tell me HH's site doesn't show a manual for it (as far as I can find).

Hakkotsu Thunder B CO2 Sound Grenade Multi Package (TB-03). Multi copters can be flown at the same time w/o interference. Thunder Tiger AA0113 Cylinder Head PRO-91 R by Thunder tiger. Tier One Gallant T6 3 Channel Metal Frame Gyroscope Equipped Helicopter - Red Color
